Life without limits for people with disabilities

For over 60 years

United Cerebral Palsy of Philadelphia & Vicinity (UCP) has been making a difference in the lives of children and adults with physical and developmental disabilities. While initially founded by a group of parents to serve individuals born with cerebral palsy, today UCP programs and services are available to people with a wide variety of physical, mental and cognitive impairments including autism, head trauma, Down Syndrome, spinal cord injuries, or any condition that severely limits a person's independence.

Each year, UCP provides direct services to over 3,000 children, adults, and their families in the Delaware Valley. In addition, the agency responds to thousands of requests for information about UCP programs, the benefits available for individuals living with disabilities, and referrals to other resources.

We invite you to be a part of the UCP team by supporting the 2009 Fantasy Auction.

UCP is an organization consisting of dedicated staff, volunteers, and supporters that encourage people with disabilities to participate fully in life and truly *Live A Life Without Limits*.
